

Civilization falls in a blast of nuclear fire. Now one Alaskan family must learn to survive in the harsh new world of the End Times. What would you do if you lost power, water, and the protection of law enforcement, all in an instant . . . and what if you knew it was never coming back? Retired Marine and survivalist Chuck Nagy, his brilliant and brave wife, Madison, and his remarkable children are thrown from the modern world into a dystopian wasteland in the span of a few heartbeats. Now it's up to Chuck to build a new life in a post-apocalyptic world that becomes more dangerous every day. Join the Nagys as they do more than simply survive a devastating surprise attack: they thrive. They learn to protect themselves. They venture into the devastated city for essential supplies, and fight wolves, wildlife, and desperate humans. Ultimately they rally other survivors to build a new community. No matter the challenge, no matter the cost they will endure.
