

This is political and social commentary and just my opinions; a compilation of Status Updates as broadcasted on Facebook from my personal page "Pollitikat Comments". A documentation of current events, a critique on American Politics and Society and my version of Art. Some might call them brain farts but these are deep thoughts -- Yes, I think myself an analyst, philosopher and artist. This is an urban review from a concerned immigrant who has adopted the United States as home. A really fun book, not overly serious and should be considered light comedy. Hopefully there is something in it that will make you laugh, make you think, you might find pain, some misunderstanding, or even get angry " and maybe there is one thing in here you will agree with. The purpose is to share these dynamic posts with a new audience, folks who have never been on Facebook or have never seen a comment from Pollitikat - as well as offering another viewpoint on some of the critical issues facing America. For those who follow me online -- it's your favorite posts in book form so you can share with your friends and family, and for everyone it is an opportunity to start discussions of your own.
