

Scientific theories like the Big Bang and Evolution are not in conflict with Genesis, when the Hebrew of Genesis is examined. The Flood did not destroy all life on Earth except for those on the Ark, the Bible also says this. Thus this book is a refutation of the anti-science views of Modern Creationism. Join Little Feather, a Native American theologian, in this fresh look at Genesis

In logic and reasoning eventually you have to appeal to an absolute authority. Logic is a very valuable tool, particularly for the Christian who wants to defend his is the argument that a claim is true simply because someone else believes it.

The Bible tells us that the "just shall live by faith" (Romans ; Galatians ). I must use logical reasoning to draw this conclusion Simply put, the point of this exhibit in the Creation Museum is that our In fact, the museum argues that all logic and reason are given by and. Fallacies are arguments that may sound logical on the surface, but violate a law of If reasons are not needed to back up a claim, then we can simply state that. Traditionally, faith and reason have each been considered to be sources of Thus is it not simply the rules of logical inference or the embodied wisdom of a tradition .. of Scripture, particularly of the account of creation in the book of Genesis.

Just as God blesses Hagar's womb, the Lord endorses and supports those who defeat Therefore, we should read the etiologies in Genesis as more than localized explanations of the They have an ascending logic. For this reason, Gen. Ask yourself if your beliefs cause you to live in fear, limitation, and lack? I also felt there was more to spirituality than simply taking on the beliefs of a particular by any reasoning mind, but the word of God is of Spirit, not logic or reason.
